

CITY OF CUYAHOGA FALLS, OHIO

March 10, 2022

ADDENDUM NO. 1

To the Drawings and Specifications For

BROAD BOULEVARD SANITARY SEWER REHABILITATION

TO ALL BIDDERS:

This Addendum supplements and amends the original Plans and Specifications and shall be taken into account in preparing proposals and shall become a part of the contract documents as follows:

- **Clarification:** All items listed under "Contingency" are to be used **ONLY** in the areas identified from the Contractor's video inspection as possible areas of remove and replace, as determined by the City Engineer. This includes removal and replacement of sewer, lateral reconnections, tree removals, sprinkler and street light foundation removals and replacements, and 2" conduit. If, after review of the contractor's video inspection, it is determined that no sewer needs to be removed and replaced, then contingency items will not be used. All laterals found elsewhere in the project will be reconnected as part of the project with no additional payment.

END OF ADDENDUM #1
