

Thinking of upgrading your HVAC or lighting? You may be eligible for rebates that benefit you and your community.

Contact us **before** you start!\*

## • HVAC

**Estimated Potential Savings**  
**\$200-\$3,000\***

**Potential Projects:**

- Packaged Rooftop Units (RTU)
- Advanced Rooftop Units
- High-Efficiency Chillers
- Air-side economizer
- Demand Control Ventilation
- Variable Frequency Devices

## • Lighting

**Exterior Lighting**  
**Interior Lighting**  
**Signs**

**Estimated Potential Savings**  
**\$400-\$8,000\***

**Potential Projects:**

- Replace Bulbs
- Retrofit Fixtures
- Replace Fixtures

## • Lighting Controls

**Estimated Potential Savings**  
**\$300-\$1,250\***

**Projects May Include:**

- Occupancy and Daylight Sensors
- Bi-Level and Central Digital Controls

**Ready to see how you will benefit? Have more questions?**

Contact us before you start at [necco@cityofcf.com](mailto:necco@cityofcf.com) to review your project.

\*All projects must be approved **before** the project starts to be eligible for the rebate program. Project estimates are general savings estimates based upon square footage. Actual rebates will vary depending upon the applicant's specific project scope. Lighting Control awards are limited to \$1,250. Total limit per applicant is \$10,000. Contact CFES for further details on rebate amounts.

# ■ ■ ■ Estimated Rebates

**Small Project**  
(Around 5,000 sq ft)

**Medium Project**  
(Around 15,000 sq ft)

**Large Project**  
(Around 30,000 sq ft)

## Lighting

**Lamp Replacement**

\$400-\$500

\$1,100-\$1,500

\$2,200-\$3,000

**Basic Retrofit**  
(Ballast Removal)

\$600-\$800

\$1,800-\$2,500

\$3,700-\$5,000

**New Fixtures**

\$1,000-\$1,300

\$2,900-\$4,000

\$5,900-\$8,000

## Lighting Controls

**Occupancy Sensor**  
**Daylight Sensor**  
**Bi-Level Controls**

\$300

\$800

\$1,250

**Central Digital Controls**

\$500

\$1,250

\$1,250

## HVAC

**Air Side Economizer**

\$500

\$1,500

\$3,000

**Demand Control Ventilation**  
(Available for Offices Only)

\$250

\$750

\$1,500

### Packaged Rooftop Units (RTU)

This award is based upon the size of the unit and its rating by The American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE). Contact CFES for more information.

## Small Commercial Energy Efficiency Program

Contact us at [necco@cityofcf.com](mailto:necco@cityofcf.com) to review your project.

# How the Program Works

## Small Business

**1**  
Contact CFES to review project

**4**

- Provided Go with project details (quote, line items, quantities, ??)
- Sign & send to CFES

**6**  
Start the project\*

**7**

- When project is finished, provide Go with technical specs of new equipment, invoices (equipment and labor)
- Photos of equipment (or site visit?)

**9**  
Sign & submit Final Application to CFES

## Cuyahoga Falls Electric System (CFES)

**2**

- Review project
- Confirm eligibility
- Refer to Go

**5**

- Review project details
- Ensure funding is still available
- Send confirmation or denial to applicant

**10**  
Issue rebate check

## Go Sustainable Energy (Go)

**3**

- Schedule site visit or discovery call
- Identify opportunities & potential projects
- Provide summary to applicant
- Prepare Pre-Application with collaboration from small business

**8**

- Collaborate on Final Application form
- Review invoices & equipment documents, make corrections,
- Send to applicant for signature

\*All projects must be approved **before** the project starts to be eligible for the rebate program.

# Small Commercial Energy Efficiency Program

Have more questions?

Contact us at [necco@cityofcf.com](mailto:necco@cityofcf.com) to review your project.

# ■ ■ ■ Frequently Asked Questions

## Who is eligible for rebates?

All non-residential customers of the Cuyahoga Falls Electric System with **annual electrical usages of less than 250,000 kWh** are invited to apply for rebates on proposed energy efficiency projects.

## What is the maximum rebate amount I can receive?

The maximum rebate incentive payout each year will be **no greater than \$10,000**. See the Rebate Chart for available rebates. Rebate incentive funds are limited each year and are awarded on a first come first serve basis.

## Is there help available navigating the process?

Yes, Go Sustainable Energy serves as the technical reviewer for Cuyahoga Falls Electric System energy efficiency programs. With more than a decade of experience they are ready to assist applicants in identifying opportunities, filling out applications, and guiding participants through the process.

## What documentation does the process require?

- A pre-application submitted before any work has begun.
- A final-application submitted after the project is complete.
- W-9 signed by the property owner
- Standard project documentation such as cut sheets for installed equipment. This will vary depending upon project type.
- Invoices for purchase of new equipment.

## What are the eligibility requirements?

Project eligibility requirements include, but are not limited to, the following:

- The energy efficiency project must be installed at a non-residential customer facility where the electric is received from the Cuyahoga Falls Electric System.
- The project must be for items listed in the Rebate Chart.
- The project must have the intention of reducing the customer's electrical consumption.
- The project must result in a permanent reduction of electricity usage.
- The project must have a simple payback period of less than 7 years.
- The project site must be inspected and the project approved for a rebate in writing prior to the start of the project.

## If I've started the project but not finished it, can I still be eligible?

No, all projects must be approved before the project starts to be eligible for the rebate program.

## How do I get started? How do I learn more?

Contact us at [necco@cityofcf.com](mailto:necco@cityofcf.com) to review your project.
